## Burntwood American Handicap Tables

### Burntwood American Handicap Tables for SVAC American Tournament

#### Data Source - Rationale

Archery GB do not currently provide official handicap tables for the Burntwood Rounds, even following the 2023 updates.

Therefore we have used the Crystal Palace Bowmen handicap table calculator to produce the tables below for the Burntwood American.

The Crystal Palace Bowmen handicap table generator can be found at:  
<http://www.crystalpalacebowmen.org.uk/handicap.shtml>

#### Burntwood American

The Burntwood American Round is defined as:

| Arrows | Distance  | Target Face | Scoring  |
|--------|-----------|-------------|----------|
| 30     | 30 metres | 60 cm       | Imperial |
| 30     | 30 metres | 80 cm       | Imperial |
| 30     | 30 metres | 122 cm      | Imperial |

The following tables contain the Handicap and Allowance information that will be used in the SVAC American Tournament for the Burntwood American Round.

Please note that as Archery GB have not published official tables Records Officers are not able to accept results from shooting the Burntwood American Round for inclusion in calculating an archers handicap and classification.
